

E (6) FORCING SHOTS

- a) A player who intends to play a forcing or firing shot MUST give a VERBAL and a VISUAL warning to the player in charge of the head end or the Marker in a singles game and must then allow time for those in the vicinity of the head to be made aware of their intentions before delivering the bowl.
- b) Once advised that a forcing or firing shot is intended, the player in charge of the head or the Marker in a singles game must advise all other players in the vicinity of the head end and any nearby Markers, Umpires or spectators that such a shot is about to be played.
- c) It is ultimately the responsibility of the player delivering the bowl to ensure that no other person is placed at risk of injury.
- d) Failure to comply with this law will result in the offending player being warned at the first infringement. Subsequent infringements will result in the player being asked to leave the rink and take no further part in the competition.
